Title: SWOT Analysis Problem Definition:

Draw a SWOT analysis table showing your strengths, weakness, opportunities and threats/challenges.

Description:

SWOT (strengths, weaknesses, opportunities, and threats) analysis is a framework used to evaluate an individual/company's competitive position and to develop strategic planning. SWOT analysis assesses internal and external factors, as well as current and future potential.

It is designed to facilitate a realistic, fact-based, data-driven look at the strengths and weaknesses of an individual, organization, initiative, or within its industry.

The organization needs to keep the analysis accurate by avoiding pre-conceived beliefs or grey-areas and instead focusing on real-life contexts. Individuals should use it as a guide and not necessarily as a prescription.

Self-Assessment:

Listed below are some of the key points that came up during an assessment I carried out about myself.

1.My name is Shivanjali Dipak Mohite and I am a young Adult with 19 years of age. I am fit and healthy suffering from no medical/biological problems.

2.I have had a wonderful childhood, with a younger brother and both parents for support. I've been exposed to various different cultures and forums with different beliefs and perspectives to everyday life.

SWOT Table:

Strengths	Weaknesses
1. Task Completion with quality in work 2. Good logical ability 3. Approach towards academics 4. Connecting with more and more people 5. Leadership qualities 6. Public speaking	1. Anger 2. Trying out different things
Opportunities	**Threats**
1. Technical clubs 2. Internships 3. Higher education 4. Getting jobs at high positions	1. Risk of losing jobs due anger 2. Risk of losing connections with different people due to anger

Conclusion:

This SWOT analysis has been really helpful for me. After listing out the things I am good at, I can see new ways to stand out from the crowd. It helped me build on what I do well, address what I am lacking in, work on minimizing my risks, and take the greatest possible advantage of my opportunities
